Application Reference: ECU00006172

Dear Mr McQuarrie,

Date 14/07/2026

RAVENGILL ENERGY PARK

APPLICATION UNDER SECTION 36 OF THE ELECTRICITY ACT 1989 AND DIRECTION FOR DEEMED PLANNING PERMISSION UNDER SECTION 57(2) OF THE TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1997 FOR CONSENT TO CONSTRUCT AND OPERATE AN ELECTRICITY GENERATING STATION WITH A GENERATING CAPACITY OF BETWEEN 100 MW – 300 MW IN THE SOUTH LANARKSHIRE COUNCIL PLANNING AUTHORITY AREA (ECU APPLICATION REFERENCE: ECU00006172)

Ramboll
125 Princes Street
Edinburgh
EH2 4AD
United Kingdom

On behalf of Ravengill Energy Park Limited (the 'Applicant'), company registration number SC809424 having its registered office at 10 Newton Place, Glasgow, United Kingdom, G3 7PR, (a company wholly owned by Renewco Power Limited) please find enclosed an application for consent under Section 36 of the Electricity Act 1989 as amended (the 1989 Act), together with a direction under section 57(2) of the Town and Country Planning Act 1997 (the 1997 Act) that deemed planning permission be granted, to construct and operate an electricity generating station with a generating capacity of greater than 50 MW. The expected operational period is 40 years from the date of commissioning. The project is to be referred to as Ravengill Energy Park ('the Proposed Development').

The Proposed Development includes up to 21 turbines of up to 220 m in height. It is expected that each turbine would have a rated capacity of around 7.0-7.5 MW per turbine, giving a total anticipated generating capacity for the wind energy element of the Proposed Development in a range between 147 MW and 157.5 MW. In addition, the Proposed Development includes a battery energy storage system (BESS) of approximately 50 MW capacity, capable of delivering 200 MWh of electricity. The Proposed Development would be located on a 2,555 hectare (ha) site located approximately 530 m from Leadhills village (at its closest point) and 1 km south of Abington village, with the A74(M) motorway located to the east. The location of the Proposed Development is identified in the

submitted Figure 1: Site Location. The layout of the Proposed Development is shown in the submitted Figure 2: Site Layout.

This application is accompanied by the following documents:

EIA Report

- Volume 1: Non-Technical Summary (NTS);
- Volume 2: Main Report;
- Volume 3a: Figures;
- Volume 3b: Visualisations;
- Volume 4: Technical Appendices; and
- Volume 5: Confidential Documents.

Other accompanying application documents

- Planning Statement;
- Pre-Application Consultation Report;
- Community Benefit Statement; and
- Maximising Socio-Economic Benefits Report.

Application Drawings

- Figure 1: Site Location
- Figure 2: Site Layout

The application documents have been uploaded to the ECU portal in full, with the exception of confidential information which has been uploaded in redacted form.

A paper copy of the application documents will be made available to view at the following publicly accessible locations:

- Crawfordjohn Village Hall, Manse Road, Crawfordjohn;
- Crawford Hall, Carlisle Road. Crawford; and
- Leadhills Village Hall, Ramsay Street, Leadhills.

Printed copies of the NTS will also be available to take away from the above locations, while stocks last.

The EIAR, including all figures, technical appendices and accompanying documents will be made available to view on the project website (<https://www.renewcopower.com/portfolio/united-kingdom/uk-projects/ravengill-energy-park/>). The application documents will also be available via the Scottish Government Energy Consents Unit portal (<https://www.energyconsents.scot/Default.aspx>) and South Lanarkshire Council's planning portal.

For anyone who has difficulty accessing the documentation online, a USB copy will be made available free of charge by contacting the Project Team:

- Email: ravengill@renewcopower.com
- Telephone: 0141 3196144
- Post: Ravengill Energy Park, Renewco Power, 12 Alva Street, Edinburgh EH2 4QG

Hard copies of the EIAR can be printed for purchase on request from the Project Team (details above) at a charge of £2,000 for a hard copy.

Copies of the Non-Technical Summary are available free of charge (via details as above).

In accordance with regulation 5(5) of the 2017 EIA regulations, by appointing Ramboll to coordinate the EIAR for the Proposed Development the Applicant has ensured that the EIAR has been prepared by 'competent experts'. The 2026 EIAR has been compiled and approved by professional EIA practitioners at Ramboll, holding relevant undergraduate and post-graduate degrees, full membership of ISEP (MISEP) and Chartered Environmentalist (CEnv) status with the Society for the Environment. The EIAR meets the requirements of the Institute of Sustainability and Environmental Professionals (ISEP) EIA Quality Mark scheme. This is a voluntary scheme operated by ISEP that allows organisations to make a commitment to excellence in EIA and to have this commitment independently reviewed on an annual basis. In addition, the Applicant confirms that each of the impact assessment chapters have been prepared by a competent expert, with Technical Appendix 1.2 of the EIAR (EIAR Volume 4) providing details of the relevant professional memberships of the authors and any applicable code of practice followed.

The application fee of £216,000 has been transferred by BACS to the nominated Scottish Government bank account by the Applicant.

The Applicant will arrange for the advertisement of the notice of the application and accompanying EIAR in accordance with the requirements of the *Electricity (Applications for Consent) Regulations 1990 as amended* and the *Electricity Works (Environmental Impact Assessment) (Scotland) Regulations 2017*. Copies of these notices will be provided to ECU once advertised. The application will be advertised in accordance with legislation as follows:

- Edinburgh Gazette for one week;
- The Herald for one week;
- Carlisle & Lanark Gazette for two successive weeks;
- Carlisle & Lanark Advertiser for two successive weeks; and
- On the Applicant's application website at: <https://www.renewcopower.com/portfolio/united-kingdom/uk-projects/ravengill-energy-park/>.

The notice as advertised will provide details of the date by which representations should be made to Scottish Ministers.

On the basis of the information provided in supporting documents that are lodged in support of this application, the Applicant requests that the Scottish Ministers grant section 36 consent under the 1989 Act and make a direction under the section 57(2) of the 1997 Act granting deemed planning permission for the Proposed Development subject to planning conditions.

We look forward to receiving your response.

Yours sincerely

Catherine Mackenzie
